

Contraceptive Needs and Services, 2010

www.guttmacher.org/pubs/win/index.html

Detailed County Tables

Table 1. Total number of women aged 13–44 and number of women in need of contraceptive services and supplies, by age, poverty status and race/ethnicity, 2010—county data for individual states

Table 2. Number of women in need of publicly supported contraceptive services and supplies, by race/ethnicity and need status (under age 20 or age 20–44 and under 250% of poverty), 2010—county data for individual states

Table 3. Total number of publicly funded clinics and number of Title X–funded clinics, both by type of provider, 2010—county data for individual states

Table 4. Total number of female contraceptive clients and number younger than 20 served at publicly funded clinics and at Title X–funded clinics, and total served by type of provider, 2010—county data for individual states

Key Definitions

- Women are defined as **in need of contraceptive services and supplies** during a given year if they are aged 13–44 and meet three criteria:
 - (1) they are sexually active—that is, they have ever had vaginal intercourse;
 - (2) they are fecund, meaning that neither they nor their partner have been contraceptively sterilized, and they do not believe that they are infecund for any other reason; and
 - (3) during at least part of the year, they are neither intentionally pregnant nor trying to become pregnant.
- Women are defined as **in need of publicly funded contraceptive services and supplies** if they meet the above criteria and have a family income below 250% of the federal poverty level (FPL) (estimated to be \$45,775 for a family of three in 2010). In addition, all women younger than 20 who need contraceptive services, regardless of their family income, are assumed to need publicly funded care because of their heightened need—for reasons of confidentiality—to obtain care without depending on their family's resources or private insurance.
- A **publicly funded clinic** is a site that offers contraceptive services to the general public and uses public funds, which may include Medicaid, to provide free or reduced-fee services to at least some clients. These sites may be operated by a diverse range of provider agencies, including public health departments, Planned Parenthood affiliates, hospitals, federally qualified health centers (FQHC) and other independent organizations. In this report, these sites are referred to as “clinics;” other Guttmacher Institute reports may use the synonymous term “center.”
- A **female contraceptive client** is a woman who made at least one initial or subsequent visit for contraceptive services during the 12-month reporting period. This includes all women who received a medical examination related to the provision of a contraceptive method and all active contraceptive clients who made supply-related return visits, who received counseling and a method prescription but deferred the medical examination, or who chose nonmedical contraceptive methods, even if a medical examination was not performed, so long as a chart was maintained.

Table notes

- All population and client estimates have been rounded to the nearest 10. State and subgroup totals, therefore, do not always sum to the national total. Some other estimates have been rounded to the nearest 100 or 1,000 in the case of some figures with national-level totals.
- Race/ethnicity subgroup totals do not sum to the overall total because the subgroup of women reporting other or multiple races is not shown separately, although it is included in all other totals.
- Federal regions, as defined by the Department of Health and Human Services, are constituted as follows: Region 1—Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont; Region 2—New Jersey and New York; Region 3—Delaware, District of Columbia, Maryland, Pennsylvania, Virginia and West Virginia; Region 4—Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina and Tennessee; Region 5—Illinois, Indiana, Michigan, Minnesota, Ohio and Wisconsin; Region 6—Arkansas, Louisiana, New Mexico, Oklahoma and Texas; Region 7—Iowa, Kansas, Missouri and Nebraska; Region 8—Colorado, Montana, North Dakota, South Dakota, Utah and Wyoming; and Region 9—Arizona, California, Hawaii and Nevada. Region 10—Alaska, Idaho, Oregon and Washington.
