Note: For frequency of sexual acts during the prior year, options included: "never," "1 time," "2-5 times," "6-10 times," "11-20 times"

and "more than 20 times." Means were calculated using the midpoint for each range (e.g., 3.5 was used for "2-5 times"). The most

conservative value, 21, was used for "more than 20 times."
